

ReliableParts

NEW ENHANCEMENT

Document Barcodes Added

You can now scan barcodes on Reliable Parts documents to digitally pick up the invoice number. When you scan our barcode, the invoice number will populate on to your digital device.

Run faster with less time spent on manual data entry

Increase accuracy from minimizing the chance of errors in manual keying

Save money by reducing the labour cost of time spent on paperwork

Faster training of new employees as barcode scanning is often easier to learn than manual data entry

We are excited to have launched this new functionality as we hope it empowers you and helps grow your business.

If you have any question or feedback,
please contact your sales representative or call us at 1-800-663-6060.

Thank You
